INVO CANAL COMPANY.—Location of principal place of business, Carson City, Nevada. Location of works, Owens Valley, Inyo County, California.

Notice is hereby given that at a meeting of the Board of Trustees, held on the first day of May, 1888, an assessment (No. 1) of twenty-five cents per share, was levied upon the capital stock of the corporation, payable immediately in United States Gold Coin, to the Secretary at the office of the Company, in Carson City, Nevada.

Any stock upon which this assessment shall remain unpaid on the TWENTY-NINTH DAY OF MAY, 1888, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Tuesday, the TWENTY-SIXTH DAY OF JUNE, 1888, to pay the delinquent assessment, together with costs of advertising and expenses of sale. By order of the Board of Trustees.

T. R. HOFFER, Secretary.

Office—At the Bullion & Exchange Bank, Southeast corner of Carson and Procter Streets, Carson City, Nevada.

ANNUAL MEETING.

THE ANNUAL MEETING OF the Stockholders of the CARSON & COLORADO RAILROAD COMPANY, and of the CARSON & COLORADO RAILROAD COMPANY, SECOND DIVISION, will be held at the office of the Company, in the town of HAWTHORNE, ESMEERALDA COUNTY, NEVADA, on

Thursday, May 10th, 1888.

At the hour of four o'clock P. M., for the purpose of electing a Board of Seven Directors to serve for the ensuing year, and for the transaction of such other business as may properly come before the meeting.

ALL SORTS.

—The box factory has started up.
—The Tiger Hat at the Emporium.
—County Commissioners in session yesterday.
—A full calf shoe for \$2.50 at Blumenthal & Cohn's.
—Senator Gallagher of Esmeralda was in the city yesterday.
—It is rumored that Frank Newlands will purchase Shaw's Hot Springs.
—For a neat Summer coat and vest, try Blumenthal & Cohn's Emporium.
—Henry Decker's son was accidentally shot with a toy pistol on Saturday.
—Miles Finlen and Dave Pyne had a row at the Democratic primaries in Virginia City Saturday. Pyne was stabbed and it is reported he will die.
—Jacob Zech, the well known Piano Manufacturer and Tuner, is here at present, and will attend to all work in his line. Leave orders with C. W. Friend.
—Many ladies admire gray hair—on some other person—but few care to try its effects on their own charms. They need not, since Ayer's Hair Vigor restores gray hair to its original color. Sold by druggists and perfumers.
—In the Spring, hundreds of persons suffer from boils, carbuncles, and other eruptive diseases. These are evidences that the system is trying to purge itself of impurities, and that it needs the powerful aid which is afforded by the use of Ayer's Sarsaparilla.
—The White Pine News has entered on its twenty-third volume. It is an aggressive and sprightly little sheet. We hope it will live long, and be useful in bringing back to White Pine the great prosperity which that country enjoyed in the "gold lang syne."

—A brother of one of the lady teachers who perished during a blizzard in Dakota, recently visited that section for the purpose of removing the remains to the old home in the East. In settling up with the school directors where she had been teaching, they made him discount the amount due her 12 per cent., because she had not finished the term.

WASHINGTON LETTER.

HOW THE INDIAN SCHOOL IS GETTING ALONG

General Gossip of Interest to Carson.

WASHINGTON, D. C. }
April 30th., 1888 }

To THE EDITOR OF THE APPEAL—

As the House will be howling and clawing about the tariff for a good many more days to come, and is throwing a great many pressing and important matters behind, the prospect for passing the original Indian School bill through that body is not of the most satisfactory character. Therefore Senator Stewart proposes to jam it through in this wise:

The Indian Appropriation bill has passed the House and is now pending in the Senate. To this bill Senator Stewart has offered the following amendment: That the Secretary of the Interior be, and he is hereby, authorized to accept from the State of Nevada any lands, not less than two hundred acres, which may be donated by that State to the United States for the purpose of establishing an Indian school, if, in his opinion, such land is suitable for that purpose, and also to receive from that State, or any corporation or person, any donation that may be made for the purposes of said school.

Sec. 2. That the sum of fifty thousand dollars be, and is hereby, appropriated, out of any money in the Treasury not otherwise appropriated, to be expended by the Secretary of the Interior for the erection of buildings and such other matters as he may deem proper, in establishing a school for the education of Indians of Ormsby County, in the State of Nevada, under such regulations as the Secretary of the Interior shall prescribe, whenever the land shall have been donated and accepted in conformity to the first section of this act.

This amendment is a copy of the bill which has already passed the Senate, as you know, with the exception that the amendment provides that the school shall be situated in Ormsby County, instead of Carson City. Of course this means nothing more nor less than that the school shall be situated on the site already purchased and selected for it, but the change was made so as to comply with a suggestion of the Secretary of the Interior and Commissioner of Indian Affairs that the bill ought to give the former officer more scope of the country in which to select a site for the school. Nevertheless it can hardly be expected that the Secretary of the Interior would not be willing to accept the site already selected by the Indian School Commissioners—Messrs. Yerington, Lee and Adams. As the Senate Committee on Indian Affairs have already reported this Indian School proposition favorably, they will have no objection to doing likewise with Senator Stewart's amendment—in fact, Senator Dawes, Chairman of that Committee, has given Senator Stewart assurance that his Committee will so act. Therefore the passage of the amendment with the appropriation bill through the Senate may be taken to be a settled fact.

With this amendment, and perhaps several others, tacked on to the Indian Appropriation bill as it came from the House, it will have to go back to that body for its concurrence. Now you will remember that the House Committee on Indian Affairs has already reported the original Senate bill favorably, and there can therefore be no doubt that the Indian School amendment will meet with the approval of that committee, and then the proposition for the establishment of an Indian School in Ormsby county, Nevada, will be put on its passage by the House. As all Appropriation bills have to be acted upon before the end of the fiscal year, viz: June 30, the Indian Appropriation bill will soon have to be rushed through the two Houses. Under all circumstances I think the prospects excellent for the early establishment of our Indian School.

Bids will be opened tomorrow for the construction of our public building, and if a satisfactory contract can be made, it will be let immediately and in less than a month thereafter you will begin to see the walls of the Carson Government building begin to rise. As soon as work is ready to be commenced Ryland will be appointed Superintendent.

The Postmaster General has assured Senator Stewart that Postmaster White, of Carson, will be re-appointed. This will certainly be very satisfactory to the citizens of Carson who, as I understand, have petitioned, irrespective of party, for his re-appointment. No more faithful or efficient man could have been selected.

Senator Stewart made an elaborate speech on the question of the distribution of the public domain last Monday, in which he related the manner in which our public lands have been disposed of under the various acts of Congress. He criticised and condemned the way in which several hundred millions of acres have been squandered and manipulated by speculators, and made suggestions as to the manner in which the remaining public lands can be disposed of to bona fide settlers to the advancement of the interests of the United States.

He also took occasion to succinctly describe the condition of the country where irrigation is required, and called the attention of Congress to the necessity of establishing some comprehensive method for the construction of reservoirs, etc., for the purpose of making new and valuable homes for settlers in the now desert wastes of the West. Many Senators have had thousands of copies of the speech printed for distribution among their constituents.

Senator Stewart is not resting in effort to secure the restoration of silver as money, and some interesting developments in this fight against the powerful Money Trust of the East may be expected shortly.

Yours Truly,
F.

Death From a Horse Bite.
Edward S. Richardson, a native of Massachusetts, who came to the Pacific Coast in 1849, and who has lately been employed by Thomas Prainer, at his ranch near Duckwater, had his hand bitten by a horse about two weeks ago. About a week afterwards, his hand and arm commenced swelling and turned black from blood poisoning. He was brought to the Eureka County Hospital last Thursday afternoon, and died in less than two hours after his arrival. The deceased has a son at Placerville, Cal., editor of the El Dorado County Republican, a newspaper published at that place.—Sentinel.

Ought to be Arrested.

There are parties camping out near Washoe Lake, who are supplying Virginia City with fish. Fishermen say that they are never seen fishing in the day time, yet they send large quantities of fish to Virginia City, and the supposition is that they drag the lake with a seine at night.

If this is the fact the authorities ought to set a watch and see that they are prevented from playing this little game any longer.
